Happy New year David, Jim , Barbara and Ian

You've perhaps heard from Jo that we now have SoS approval for me to start working with you good folks again. I will be joined by my colleague [REDACTED]. I'd like to dive right in and start trying to help. To that end my P.A. [REDACTED] will contact your offices and set up a series of regular sessions. Given the constraints of diaries this may take a couple of weeks to get sorted. In the meantime, if we can help in any way please just give me a ring or suggest a time outside normal hours and I'd be delighted to chat.

Looking forward to seeing you again.

Best

Hello all

I haven't really got my head around this properly due to the pressures of time. But given we got through Monday and this morning I'm now ready to start thinking properly about this event. I'd like to have a call with someone to discuss what you'd like to get out of this and the issues and sensitivities you expect. That way I will be able to facilitate most effectively.

Who would be the natural person/people for me to chat with?
