Subject: Re: *****newbuild proposal

[REDACTED]:
My main suggested change was to the objectives (see attached). I'm sure [REDACTED] will forward any other key comments by return...

Thanks

Gents:
Please find attached a proposal as discussed.
I listened carefully and took notes, so I hope it is in line with what you envisaged and hoped for!
As ever - if that is not the case, then we can and will make refinements.
As you know, you have a group of people over here who believe in this cause - we would love to do this work, and already feel excited about it.
Do let me know your thoughts.

•To secure from the review a meaningful commitment to a programme of nuclear new build, underpinned by commitments to:

Deleted:

a) Provide the necessary market and fiscal framework for replacement build

Deleted: public finance

b) Begin a programme or review which deals with the question of disposal of nuclear waste from replacement build

Deleted:

c) Analyse and bring in the changes needed in the planning and regulation regime which to enable speedy decision-taking and construction
