Dear Mr Andrews,

I refer to recent correspondence regarding your request of support towards the newly established Education and Training Fund.

I am pleased to inform you that your proposal has been considered and British Nuclear Group have decided to donate £10,000.00 towards education and training. Due to our significant presence in the North West and Cumbria in particular, we would wish to see a fair proportion of the beneficiaries from these areas.

On behalf of British Nuclear Group, may I wish you every success in raising the support you require.

Yours sincerely,

Pauline Deans

Dear Mr. Jarvis,

Dr. Sue Ion has asked me to send you an invoice for BNFL's very kind donation of £10,000 towards the Society's newly established Education and Training Fund.

Your company's generous donation will enable the Society to pursue one of its important aims, namely education and training. We are hoping to establish prizes at those Universities, which offer a nuclear science course, and this coming summer the Society is sponsoring two graduates to attend the World Nuclear University's Summer School at Idaho Falls.

On behalf of the Society, thank you for your company's donation and I shall look forward to receiving your cheque.

With all good wishes.

Yours sincerely,

Secretary.

Dear Mrs. Deans,

On behalf of the Society I am writing to thank you for your letter of 11<sup>th</sup> July 2005, enclosing your company's most generous donation of £10,000 towards our Education and Training Fund.

There is no doubt that education and training is an important subject particularly with what I am sure will be the renaissance of new build and we are therefore grateful to your company for enabling the Society to expand the work of its newly formed Education and Training Committee.

I have noted your request that where possible we should assist those from the North West and Cumbria.

Thank you once again for the donation.

With every good wishes.

Yours sincerely,

  
Secretary.
