Toby

Yes several notices were issued via our contacts in BNFL, British Nuclear Group and Nexia Solutions on the Risley, Springfield and Sellafield sites. It was also included in the NW Branches Programme of Events document which was widely distributed throughout your organisation.

Steve Barnes your journal editor also queried some time ago as to whether there were any BNFL Group entrants and expressed surprise when informed that there was not.

However it seems that you cannot rely on your internal information channels and I will raise this matter up at our next committee meeting as BNFL are a very important part of the nuclear industry.

I'm sorry that you and your colleagues seem to have not received notice of this event. However if you joined the BNES YGN movement this would not have happened as the Speaking Competition was also advertised in the Branches Section of the journal.

The YGN is not expensive to join and is a very good career enhancement opportunity. There are several YGN representatives in your area and I would suggest that you approach Adele Shaw for more information of their aims and objectives.

Dear All

Please find attached the details of this year's event. Please circulate the information as widely as possible in order to ensure a good level of attendance for this prestigious event.

Best regards

Ian

Hi Dorothy

Following your FOI note relating to information received from NIA, BNES etc, I have received various e-mails from Ian Currie relating to BNES. I will forward a few of these that may be of use.

Steve

Dear All

Hot off the press!!

The programme of our 2005/6 events is being published and an electronic version is attached. Many thanks for your contributions. Hard copies will be sent to you soon when they have been received from the printers.

Also attached is a poster advertising the first two lectures

My best regards

Ian (Ian Currie works for NNC-AMEC, on BNES board of trustees)
