Dear All

I have looked through Keith's diary and the best days are either 2nd September or 9th September after 2.30/3.00 p.m.

I am okay on all days.

Speakers

I can confirm John Gittus is happy to speak.

Keith has spoken to David King - he would like to do it. His diary is a nightmare from now to the end of the year; it is less full in the New Year.

Conference Dates

When considering conference dates bear in mind David King's availability.

David Green (UKBCSE) will be co-sponsoring a Conference in November and NIA have their Energy Choices beginning of December.

It might be worth considering mid-to-late January as this is likely to attract a good audience.

Kind regards

Veronica

Dear all - many apologies, I am going to have to pull out of tomorrow's meeting,  
I now have to be at a Defra meeting about REACH at the same time. Sorry for the short notice.

I spoke to Philip yesterday who felt it would be best to rearrange the meeting.  
If so, dates I could do over the next couple of weeks would be: this Friday (26th), 30th (pm) or 31st Aug, 2nd, 5th or 9th of September.

In terms of speakers, I have confirmed with Jeremy Nicholson that he is happy to speak giving a large user viewpoint, which he is happy to do diaries permitting.

Kind regards

Matthew
