Miranda

Many apologies for not getting back to you on Friday. I didn't manage to get hold of anyone and then left in a hurry.

However, I have spoken to Andy Worrall this morning. He tells me that all the images for the Generation IV reactors that we have come from other presentations and so we don't unfortunately have anything better.

Hi Jenny
Any luck with this?
If not Monday maybe?
Thanks - have a good weekend!

Miranda

I'm trying to contact a couple of people to see if we can get anything better. I'll let you know by COP today if I succeed.

Best regards

Jenny

Thanks Jenny!
Do you have the original illustration (before it was put into powerpoint)
as this is not high enough resolution?
Cheers
m

Hi Richard
I wonder if you can help me?
I'm putting a piece in Industry Link about the Gen IV seminar (with a
mention of the Dalton project results) and was wondering whether you had an
illustration of one of the reactors that were discussed at the seminar that
we could use to accompany it?
Best regards
